

# Minuteman Commuter Bikeway

## One of the first MBTA ATC projects

- Completed in 1998, the Minuteman Bikeway connects the towns of Arlington, Bedford, Cambridge and Lexington
- 10-mile path constructed on MBTA-owned, abandoned railroad right of way
- Considered a pioneer, successful ATC project. In 2008 the trail was inducted into the National Rail-Trail Hall of Fame.
- The Minuteman Bikeway is a Millennium Trail, designated by the White House.
- This project was made possible by the MBTA's cooperation and land donation
